

CAPECHECS 2021 - Sanitary protocol

Players, organizers and arbiters have to respect the sanitary protocol established for the tournament's duration:

- A valid sanitary pass for every player aged over 12 years old
- Face covering is required in the tournament venue
- A traffic flow direction will be introduced
- At the entry and the exit of every room, an unpaid worker will be there with hydroalcoholic gel for chess games duration
- The hydroalcoholic gel is compulsory for your entry in the playing room
- No spectator will be admitted in the playing rooms
- Players renounce the traditional hand shake
- Players renounce to analyze their game in the playing room
- Players have to leave the playing room from the end of their game
- We invite the players to leave the least possible their place during game
- It is forbidden to eat or to drink near chess boards
- Playing room, chess games and clock will be disinfected after every round
- Players with Covid-19's symptoms have to inform an arbiter or a member of the organization, leave the playing room and give up the tournament
